

# HAMZA ZULFIQAR

Full Stack Web Developer

## PROFILE

As a full stack web developer, I possess expertise in both front-end and back-end technologies, including HTML, CSS, JavaScript, modern frameworks such as React and Node.js, and database technologies such as MySQL and MongoDB. I am skilled in creating responsive and accessible web designs, integrating third-party APIs, and deploying applications to cloud-based platforms. Additionally, I possess excellent problem-solving abilities, communication skills, and a strong attention to detail. Overall, I am a highly skilled and motivated developer capable of delivering robust and scalable web applications.
